# Introduction

Alameda County is characterized by rich geography, diversity, and culture. The County provides a range of services to residents. The Board of Supervisors' adoption of this two-year Legislative Platform supports the vision that Alameda County is recognized as one of the best counties in which to live, work, and do business.

The County provides for the basic needs of the most vulnerable populations and is responsible for health and human services for the entire County, including social safety net programs. The United States Congress and the State Legislature craft legislation regarding the County's mandated services and provide over 60% of the County's General Fund revenue, including Medicaid and Medicare charges for services. In addition to the broad array of countywide governance responsibilities, the County is also responsible for the stewardship of the Unincorporated County and provides municipal services such as police, fire, road repair, land use planning, and housing and economic development. To best serve the diverse needs of County residents, Alameda County needs dependable and equitable revenue streams and local control to provide flexibility in delivering services.

Vision 2036 is Alameda County's comprehensive effort to set a course for a decade that anticipates community challenges and maximizes the County's ability to meet residents' needs in a rapidly changing world. Vision 2036 provides a roadmap to look at demographic trends that will impact Alameda County residents and informs how the County should deliver services. Vision 2036 includes 10X goals for the County in the following areas:

- Eliminate Homelessness
- Health for All
- Employment for All
- Eliminate Poverty & Hunger
- Crime-free County
- Accessible & Integrated Infrastructure

Vision 2036 is the foundation for County actions and this Legislative Platform, including an emphasis on addressing homelessness, combating climate change, ensuring an accurate Census count, and protecting individuals regardless of immigration status.

## County Overview

Alameda County was established in 1853. The County's almost 821 square miles encompass a varied geography ranging from bay wetlands to rolling open spaces to hillside lakes and streams. Alameda County is the seventh most populous county in California, with a dense urban corridor and suburban and rural communities. The County has 14 incorporated cities and several unincorporated communities that range from urban to agricultural and a population of over 150,000.

**Alameda County Supervisorial Districts**

Alameda County is governed by a five-member Board of Supervisors elected by popular vote. Countywide elected officials include the Auditor-Controller/Clerk-Recorder, Assessor, Treasurer-Tax Collector, District Attorney, and Sheriff/Coroner. The Board of Supervisors is responsible for providing policy direction, approving the County budget, and representing the County in a number of areas including its dependent special districts. The County Administrator advises, assists, and acts as an agent for the Board of Supervisors in all matters under the Board's jurisdiction.

## Population

Alameda County is the seventh most populous county in California, with 14 incorporated cities and several unincorporated communities.

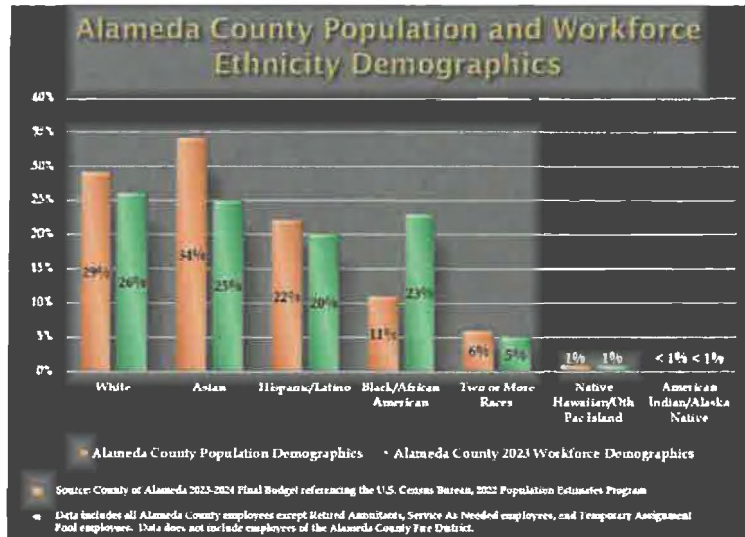

The total population is estimated to be 1,641,869 as of January 2024, a 0.5 percent decrease from 2023. Oakland is the seat of County government and the largest city.

15.7 percent of the County's population is age 65 or older. This population is projected to increase to 21.1 percent by 2032 based on data from the California Department of Finance.

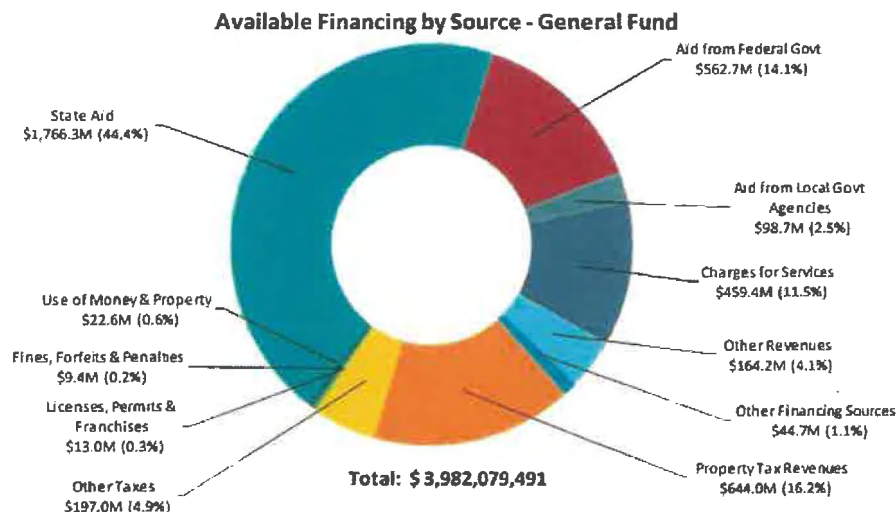

Alameda County is characterized by rich ethnic and cultural diversity. Population decline has occurred with the high rate of domestic migration to other states, decrease international immigration, and a lower natural net level of births over deaths than in previous years. Based on the U.S. Census Bureau 2018-2022 American Community Survey 5-Year Estimates, 33.3 percent of the population is foreign born and there is no majority racial or ethnic group. According to the California Department of Education, 90 languages were spoken by English language learners in the K-12 public school systems in Alameda County in 2023-2024.

The County's workforce continues to reflect the rich diversity of the communities served.

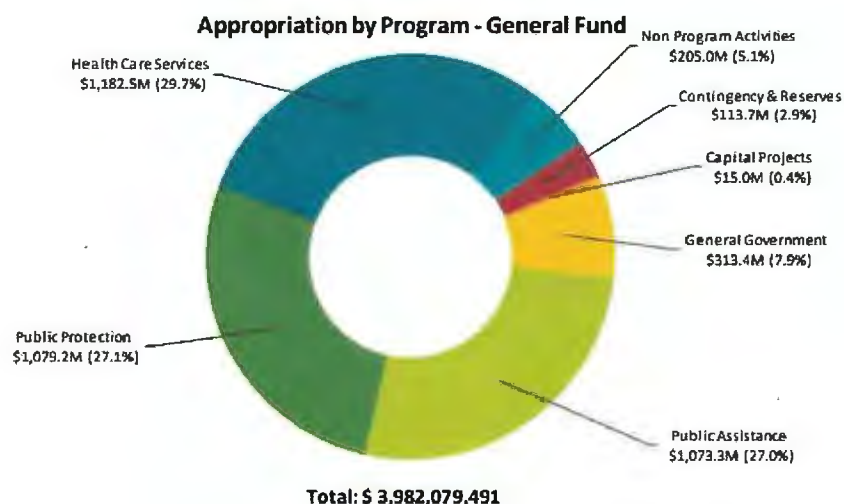

## County Budget

The Board of Supervisors adopts a balanced budget by June 30<sup>th</sup> annually and begins the new fiscal year on July 1<sup>st</sup>. The FY 2024-2025 Final Budget includes appropriations of over \$4.6 billion. The Budget is divided into four program areas: Public Assistance, Health Care Services, Public Protection, and General Government. The County budget is financed by revenues from State, federal, and local governments; revenues from property and other taxes; charges for services; fines, forfeitures, and penalties; and other revenues. For FY 2024-25, it is estimated that the County will receive about 58.5% of General Fund revenue from State and federal sources, including Medicaid and Medicare charges for services.

The majority of County appropriations are dedicated to providing essential services to residents. Together, Health Care Services, Public Assistance, and Public Protection account for over 83.8% of total County General Fund appropriations.

Only 28 percent of General Fund revenue is discretionary revenue that the Board of Supervisors has the authority to allocate to meet County needs. Most of this discretionary revenue is used to fund the County's mandated share of costs for programs that receive federal and State funding.

57.3 percent of Alameda County's discretionary revenue comes from property taxes, although the County receives only about 15 percent of the property tax collected.

This discretionary revenue funds many of the essential services for County residents, including social safety net programs, which are increasingly important given the rising cost of living in the County.

## Cost of Living

According to the U.S. Census Bureau, Alameda County's median annual household income in 2022 was \$122,488 with an average household size of 2.78 persons. 10.1 percent of Alameda County's population is living below the federal poverty level. For seniors, the percentage living below the poverty line increases to 11.5%.

Source: U.S. Census Bureau, 2022 American Community Survey 1-Year Estimates

According to the Massachusetts Institute of Technology's Living Wage Calculator, an adult with two children in Alameda County would need to earn \$148,116.80 annually (\$71.21/hour) to cover costs for housing, food, healthcare, transportation, childcare, and taxes. This is equivalent to more than four full-time jobs at the California minimum wage of \$16/hour and more than \$120,000 higher than the federal poverty level for a family of three. Additionally, research from the California Budget and Policy Center finds that on average, a single mother in Alameda County would have to spend over 60% of her income to afford center-based childcare for two children and over 50% of her income on housing.

Source: U.S. Census Bureau, 2022 American Community Survey 1-Year Estimates

The federal poverty level uses the 1963 minimum cost of food adjusted for inflation.

## Safety Net Programs

Alameda County, along with its community-based partners, is the safety net for County residents. A partial list of services provided by the County that are dependent on State funding or funds passed-through from the federal government include California Work Opportunity and Responsibility to Kids (CalWORKs) and Temporary Assistance to Needy Families (TANF), CalFresh and the Supplemental Nutrition Assistance Program (SNAP), Medi-Cal, In-Home Supportive Services, Supplemental Security Income (SSI) and State Supplementary Payment (SSP), mental health services, meals to seniors and people with disabilities, subsidized child care, subsidized housing, homelessness programs, and employment services. According to the latest California Poverty Measure, a comprehensive poverty measure that accounts for the regional cost of living and California-specific safety net programs, 14.5% of Alameda County residents lived in poverty.

A recent California Poverty Measure report also found that social safety net programs helped keep almost three million California residents out of deep poverty and moderated the impact of poverty, especially for children. During times of economic hardships, many people rely on safety net services; however, even in times of economic expansion, safety net programs are critical to helping residents meet basic needs given the high cost of living in Alameda County.

County residents  
receives direct  
assistance from the  
County of Alameda

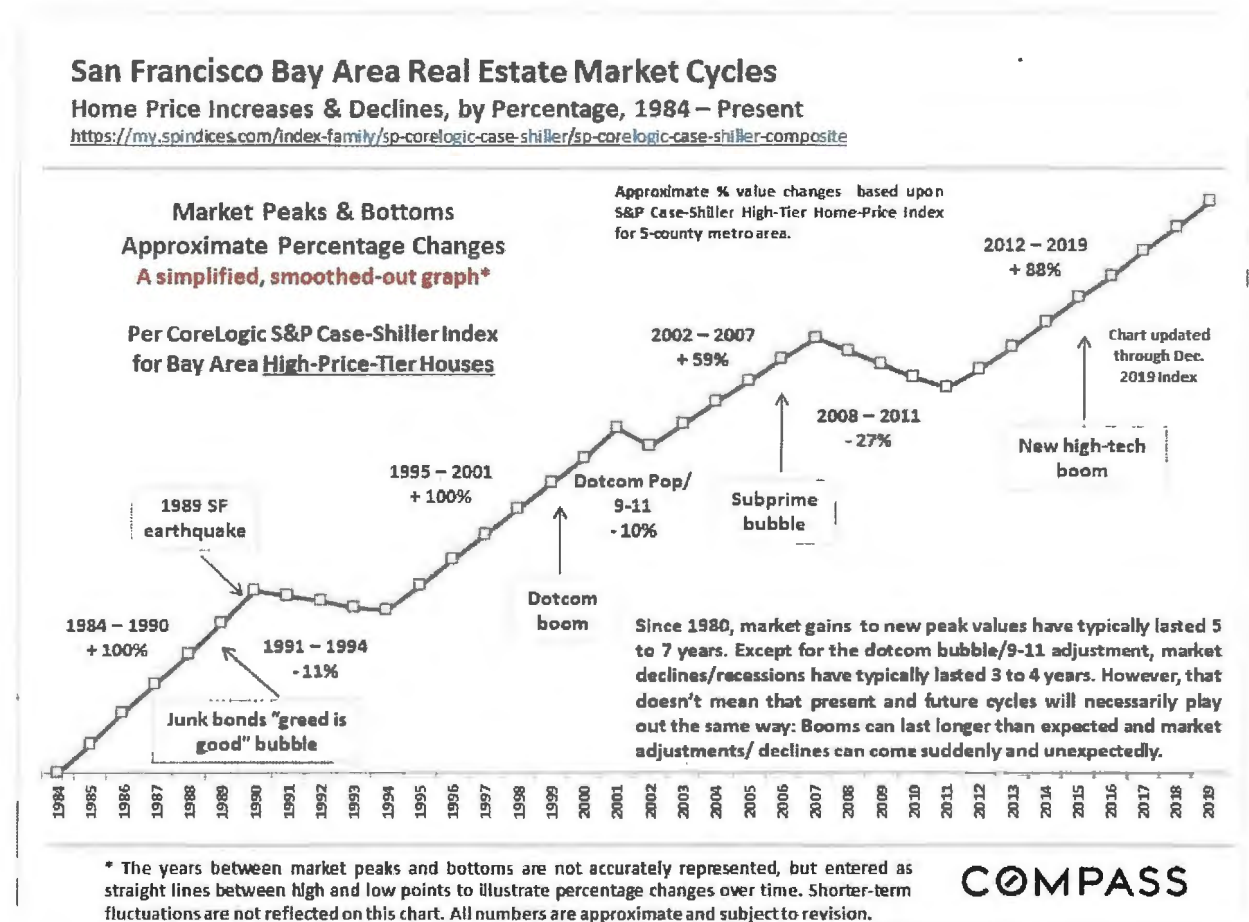

During the Great Recession, State funding for core health and human services programs was reduced dramatically (cutting over \$15 billion between 2008 and 2013). There have been some restorations over the past few years but many core public services remain underfunded following years of deep cuts.

## Rising Cost of Housing

A housing crisis exists across the nation, the state, in the nine Bay Area counties, and specifically in Alameda County. The National Low-Income Housing Coalition's 2024 Out of Reach Report states that no state, metropolitan area, or county across the U.S. hit its lowest point in over 30 years.

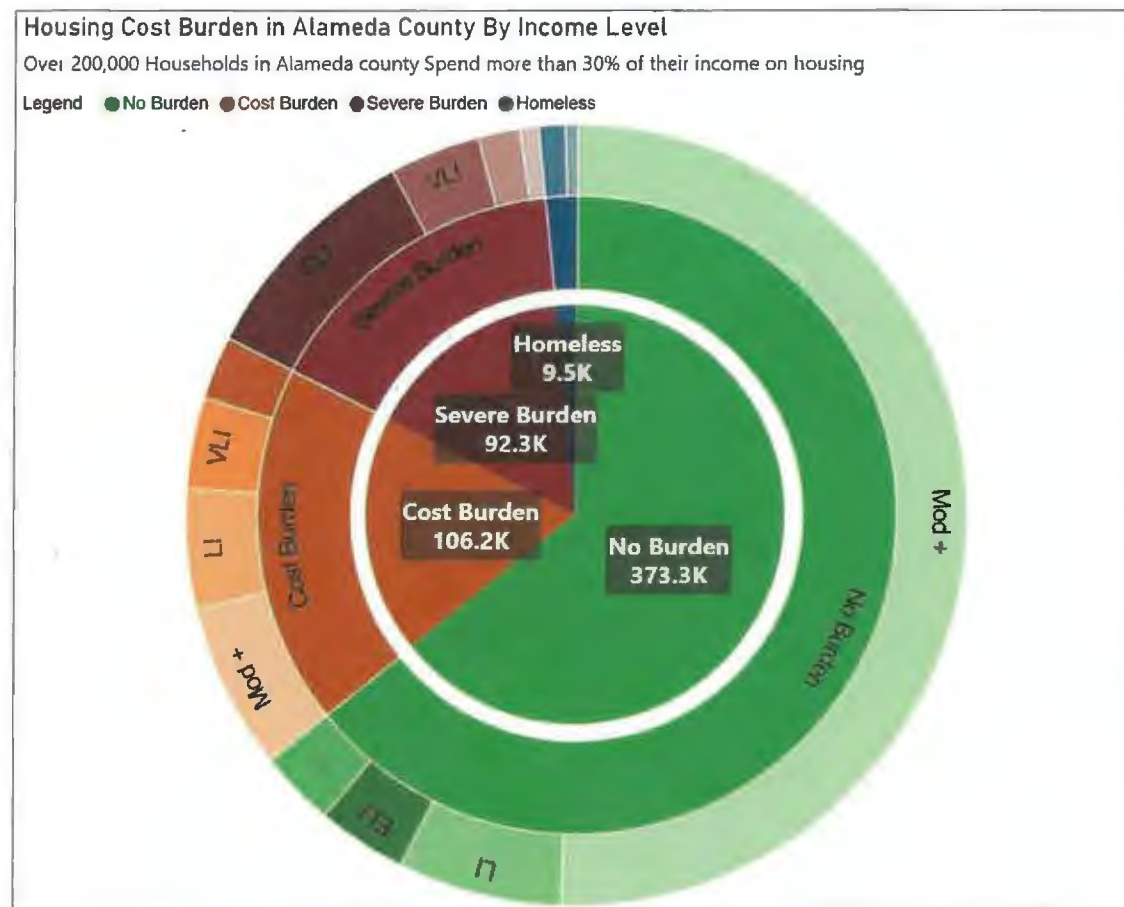

Alameda County's median home value as of October 2024 was \$1,100,000 up 2.3% from the prior year, but down from the peak in June 2022 of \$1,170,000. Over the past 30 years, while the market has had several major impacts, housing has proven resilient with a constant increase in the value, even after accommodating the dot com boom and bust of the early 2000s and the foreclosure crisis of 2008-2012.

The U.S. Department of Housing and Urban Development (HUD) reports the Fair Market Rent (FMR) of a two-bedroom in the Oakland-Fremont HUD Metro Area as \$2,590 per month for FY 2024, up from \$2,405 in 2023 (an increase of 7.1%). This follows several years of increasing FMR including a 5.7% increase from FY 2022 to 2023.

Almost 63% of County households are living in housing that is affordable at their income level (including low-income residents who are living in either publicly subsidized affordable housing, who have access to housing vouchers or naturally occurring affordable housing). Unfortunately, approximately 37% are not able to afford housing. Almost 19% are paying more than 30% of their income for rent (109,000 households) and an additional 16% (93,000

households) are paying more than 50% of their income on housing. Finally, 2% of our households are homeless.

## Unhoused

The continued rising cost of housing affordability is a contributor to the homelessness crisis in the State of California, including Alameda County. On January 25, 2024, Alameda County conducted the 2024 Homeless Point-In-Time County and Survey. The Homeless Response System relies on this biennial count and survey of those experiencing homelessness to gain a better understanding of the prevalence of and circumstances surrounding homelessness in Alameda and its cities. The data is foundational to investing in housing and programs to the scale necessary to reduce homelessness and evaluating the impact of housing efforts to date.

The 2024 Alameda County Point-in-Time Count showed a 3% decrease in homelessness since 2022, with **9,450** individuals experiencing homelessness during a single 24-hour period.

Alameda County continues to invest in anti-homeless strategies, including the 2016 voter-approved Measure A1 General Obligation Bond, with the goal of creating and preserving 3,800 units of affordable housing rental and ownership housing throughout Alameda County.

## **Climate Change**

Climate change disproportionately harms economically vulnerable communities and individuals. Climate change is already impacting the County's residents today with increased droughts, fires, floods, and public health issues such as heat waves and wildfire smoke.

In the past few years, our community has faced floods, heat waves, wildfires, unhealthy air quality from wildfire smoke, and power shut-offs related to increased fire risk – sometimes at the same time. Counties are on the front lines of responding to impacts of global climate change and it is critical to ensure that State and federal resources and policies support the County's ability to respond immediately and plan for the future. At the same time, shifting to a clean energy economy provides opportunities for job growth and helps ensure a healthy environment for Alameda County residents. The Board of Supervisors actively supports equitable policies to secure resources to combat and prepare our communities for climate change impacts and to accelerate and intensify the actions and investments needed for a sustainable low carbon future.

## **Race and Equity**

The County supports policies and practices that promote equitable outcomes for communities marginalized by historically rooted systems of neglect and oppression so that all people can thrive. Policies and practices should promote equity, and work to eliminate disparities based on race, ethnicity, sovereignty, national origin, immigration status, gender, sexual orientation, gender identity, age, disability status, and socioeconomic status. The County supports policies that address all forms of systemic oppression, particularly institutional and structural racism, which have played a central role historically and currently in creating and perpetuating persistent social and health inequities. The County supports programs, policies, and funding to address community reparations for African Americans. Policies and programs should include strategies to identify and address existing disparities including collecting disaggregated data and utilizing equity metrics to measure outcomes; promoting community participation in shaping solutions that most impact

them; targeting interventions to address root causes of disparate outcomes; and a process of continuous quality improvement to achieve equity.

## **Revenue**

The County supports funding flexibility, including the ability to use new funds to backfill lost revenue, allowing the County to address unique issues in our communities. The County supports efforts to ensure funding opportunities address persistent economic and social inequity.

The County supports uniform, fair and equitable tax policies that reduce economic burdens for vulnerable populations.

# Guiding Principles

The Vision, Mission, Values and Vision 2036 grew from extensive collaboration involving Alameda County leaders and other local officials to address County trends and promote communities that are vibrant, prosperous, safe, healthy, and inclusive. These shared visions can be achieved through the six 10X Goals.

## Vision

Alameda County is recognized as one of the best counties in which to live, work, and do business.

## Mission

To enrich the lives of Alameda County residents through visionary policies and accessible, responsible, and effective services.

## Values

- Integrity, honesty, and respect fostering mutual trust.
- Transparency and accountability achieved through open communications and involvement of diverse community voices.
- Fiscal stewardship reflecting the responsible management of resources.
- Customer service built on commitment, accessibility, and responsiveness.
- Excellence in performance based on strong leadership, teamwork, and a willingness to take risks.
- Diversity recognizing the unique qualities of every individual and his or her perspective.
- Environmental stewardship to preserve, protect, and restore our natural resources.
- Social responsibility promoting self-sufficiency, economic independence, and an interdependent system of care and support.
- Compassion ensuring all people are treated with respect, dignity, and fairness.

# Legislative Issue Matrix

The following matrix sets out Alameda County's priority issues in the Vision 2036 framework of Shared Visions, 10X Goals, and Operating Principles.

Issue	Summary/Action Item	State/Federal
Revenue Adequacy and Stability	<p>Support dependable, predictable, sustainable, and equitable revenue streams and allocation methodologies.</p> <p>Ensure that new and existing programs include funding to sufficiently support caseload growth and other administrative costs and costs are a net neutral to the County.</p> <p>Oppose transfers of responsibilities to counties without adequate funding and efforts to eliminate or redirect revenues currently dedicated to local government.</p>	State/Federal
Local Governance	<p>Maintain adequate authority, local discretionary control, and flexibility to meet the County's dual role as agent of the State and as a local service provider.</p> <p>Maintain ability to set State and local standards that exceed federal standards (e.g. fuel economy standards, clean air and water, greenhouse gas, human rights).</p> <p>Support efforts that enhance funding flexibility, incorporate the increased costs and needs for mandated programs, and allow for additional revenue raising authority for counties.</p> <p>Support efforts that provide the County with flexibility in negotiating pension benefits that maintain fiscal stability for the County.</p>	State/Federal

Immigration	<p>Support policies that minimize the harmful local impacts of federal immigration policy including the protection of clients' information, the ability to report crimes without fear of retribution, and safe access to public places and processes regardless of race, gender, gender identity, or national origin.</p> <p>Support Comprehensive Immigration Reform that provides a clear pathway to citizenship that encourages family reunification and opportunities for workers and employers. Oppose mass deportations, particularly of families and long-standing and law-abiding residents.</p> <p>Oppose efforts to restrict immigrant access to all necessary services and benefits, including to Emergency Management Agency (FEMA) disaster relief programs such as Stafford Act Individual. Specifically oppose the expansion of the definition of "public charge" and family detentions.</p>	State/Federal
Census/Data Gathering	<p>Secure adequate funding to ensure a complete and accurate count of all Alameda County residents, especially hard-to-count populations, such as unhoused or undocumented people, including survivors of gender-based violence, to ensure equitable federal and State funding for Alameda County.</p> <p>Support increased data privacy protections necessary for the utilization of the new digital Census platform, especially considering the privacy concerns of vulnerable residents, such as survivors of gender-based violence, abuse, and other crimes; people with sensitive medical information; and those who may face political or religious discrimination.</p>	State/Federal

	Oppose the inclusion of a citizenship question or other questions on the Census questionnaire that may discourage full participation.	
Regulatory Stability	<p>Protect existing laws and protections from being dismantled or not implemented (e.g. clean air and water, Endangered Species Act, human rights, healthcare, safety net programs, and supportive services).</p> <p>Eliminate and oppose imposition of undue burdens on existing rights and privileges.</p>	State/Federal
County Workforce Training	<p>To serve Alameda County residents to the best of our ability, County employees must have ample opportunity to receive the latest workforce training and education.</p> <p>Support workforce training and education on Sexual Orientation and Gender Identity Expression (SOGIE) and gender-based violence prevention for county employees.</p> <p>New State and federal policies/procedures should include reasonable timelines for implementation and funding for training.</p>	State/Federal

# 10x Goal: Employment for All

**Employment for All:** Deliver services through highly skilled, agile, and responsive County employees and pursue policies and programs that support full employment of the hard to employ throughout the County.

Issue	Summary/Action Item	State/Federal
<b>Expand Opportunity</b>		
Inclusive Employment Opportunities	<p>Support employment opportunities for adults and youth, such as Competitive Integrated Employment, and reduce barriers for vulnerable populations including people with low incomes, people with disabilities, veterans, older adults, at-risk and foster youth, English Language Learners, individuals regardless of immigration status, and justice involved individuals.</p> <p>Support employment programs and infrastructure investments that promote access to, and retention of jobs with fair and sustainable wages, predictable hours, paid sick and family leave, health and safety protections, and career pathways.</p> <p>Address racial, gender, cultural, and economic disparities, and labor violations such as wage theft and harassment in employment outcomes.</p> <p>Promote access to information and resources for dislocated workers to assist them in continuing forward in their careers.</p>	State/Federal
Entrepreneurial Training & Investment	Invest in entrepreneurial training and opportunities to launch new and support existing businesses with a focus on providing support to businesses impacted by the economic impacts of COVID-19.	State

Worker Health and Safety	Support policies and funding that promote worker health, safety, and wellbeing, including paid sick and family leave, meaningful regulations of dangerous chemicals and toxins, access to personal protective equipment, education on safety procedures, and enforcement of statewide and federal worker health, safety, and fair labor laws and standards.	State/Federal
Universal Access to Online Resources	Expand support for remote workforce, virtual health and educational services, and virtual civic engagement, such as through policies and funding to expand broadband to underserved communities and provide computer equipment lending, training, and educational support.	State/Federal
<b>Prepare for the Future</b>		
Educational Attainment	<p>Invest in, and ensure access to, quality education for the 21<sup>st</sup> century workforce including early care and education, STEAM (Science, Technology, Engineering, Art, and Mathematics) programs, high school that prepare graduates for college and career, Career Technical Education adult education programs, certificate programs, pre-apprenticeship and apprenticeship programs, and affordable post-secondary education.</p> <p>Ensure education equity so that educational attainment is available to all, especially vulnerable populations such as low-wage workers, justice involved individuals, CalWORKs recipients, individuals with disabilities, English Language Learners, immigrant/refugee communities, older adults, foster youth, and veterans.</p>	State/Federal

	Close the digital divide and increase access to virtual connection and learning opportunities.	
Regional Workforce Development	<p>Support and expand inclusive programs that preserve Workforce Innovation and Opportunity Act (WIOA) funding and other programs that increase the number of qualified workers in growing regional sectors of the local economy, such as: healthcare (including caregiving and direct support services), technology, clean energy, logistics, and food service.</p> <p>Support funding to increase public sector workforce in areas of high need such as public health and behavioral health.</p> <p>Support resources and policies that align with the workforce development goals and objectives outlined in the Alameda County Workforce Development Board's (ACWDB) Regional and Local Plan two-year modification, including supporting entrepreneurial endeavors of small local business, families, and communities.</p> <p>Support investments in the development and expansion of workforce pipelines and bridging from one career step to another such as paraprofessional to licensed level.</p>	State/Federal
Employment Support Services	<p>Recover, restore, and increase investments for affordable, developmentally appropriate, high quality early care and education.</p> <p>Enhance focus on infant/toddler care, facilities, and workforce supports including health and safety standards, inclusion practice, and mental and behavioral supportive services.</p> <p>Support subsidized childcare programs.</p>	State/Federal

	Support workforce programs that offer mental and behavioral supportive services.	
Transition to Circular Economy	<p>Support research, policies, and incentives that accelerate a transition to a circular economy, shift financial responsibility for the collection and disposal of problem wastes through manufacturer take-back programs, support repair training, and increase innovation of goods and materials that minimizes lifecycle embodied carbon emissions.</p> <p>Support systems changes and investments that promote a circular food economy to improve economic resiliency (generation of local jobs, stimulation of the local economy), human health (production of healthier foods, adoption of Good Food Purchasing Policies), and planetary health (improvement in soil, water, air quality, reduction of food waste through food recovery, and the lowering of greenhouse gas emissions through sustainable farm practices).</p>	State/Federal

# 10x Goal: Eliminate Homelessness

**Eliminate Homelessness:** Pursue policies and programs that ensure the availability of diverse and affordable housing for all residents with the goal of eliminating homelessness in Alameda County.

Issue	Summary/Action Item	State/Federal
<b>Affordability</b>		
Affordable Housing	<p>Support efforts to create a permanent source of flexible funding to ensure ongoing development of affordable housing.</p> <p>Advocate for Housing Authority funding and security of the Voucher programs. Oppose portability of housing vouchers outside of the county to lower cost areas – which decreases available support locally.</p> <p>Support efforts to create a permanent source of funding to build and support interim and shelter housing.</p> <p>Support efforts to create a permanent source of funding for rental assistance, and operational subsidies to enable localities to respond to current and increased needs including special considerations for vulnerable populations and those disproportionately impacted by homelessness (e.g., Black/African American, refugees, and LGBTQ+ individuals).</p> <p>Support efforts to increase access to new and preexisting affordable housing units by incentivizing the adoption of one-stop digital housing application portals (local, regional, or statewide).</p>	State/Federal
Long-Term Services and Support	Support policies and funding that continue the “Money Follows the Person” model to fund individuals who move from	State/Federal

	institutionalized settings to the community, which includes developmentally disabled, medically frail and chronically ill, individuals with serious mental illness and/or substance use disorder, people experiencing homelessness, foster youth, and justice involved individuals.	
<b>Availability</b>		
Funding to Prevent and End Homelessness	<p>Increase access to ongoing funding and implementation flexibilities for housing programs/supports and wraparound services for individuals and families experiencing housing insecurity and homelessness, including emergency shelter, rapid re-housing, and permanent supportive housing to quickly move unhoused, housing insecure, at-risk individuals and vulnerable populations into permanent and stable housing and help them remain housed. Recommit to ongoing funding of Home Safe.</p> <p>Oppose policies that criminalizes homelessness.</p>	State/Federal
Prioritize Equity-Based Approaches	<p>Support policies and funding to address structural drivers of homelessness and its disproportionate impacts on Black/African American and other-communities of color, aligned with pathways to ending homelessness identified by the race equity analysis in the Alameda County Home Together 2036 Plan.</p> <p>Support proposals which provide funding to meet the housing and related supportive service needs of transition age youth, older adults, individuals with disabilities, and behavioral health needs and/or substance use disorders.</p>	State/Federal
Housing as Health	Support “housing first” policies and funding that address and meet the needs of people who are housing insecure,	State/Federal

	<p>unhoused, or at-risk of becoming unhoused. Support proposals that include housing services as a covered Medi-Cal benefit.</p> <p>Oppose any policy or funding requirements that would restrict or prohibit implementation of housing first principles.</p>	
Individuals and Families Experiencing Homelessness	<p>Increase funding for supports and services for persons experiencing housing insecurity and homelessness, including emergency shelter, rapid-rehousing, transitional housing, and permanent supportive housing.</p> <p>Allocate funding through set-asides and targeted programs for emergency and crisis housing for vulnerable populations in immediate need.</p>	
<b>Land Use</b>		
Urban Density	Incentivize and support policies and regulations that promote smart growth, infill, and dense affordable housing development.	State
Innovative Housing	<p>Develop high-level land use policies to allow innovative and pilot-type projects to alleviate housing insecurity and homelessness.</p> <p>Ensure housing that is constructed is resilient to climate impacts, and accessible/uses principles of universal design.</p>	State

# 10x Goal: Eliminate Poverty & Hunger

**Eliminate Poverty and Hunger:** Pursue policies and programs that ensure all residents' basic needs are met including eliminating poverty and hunger, while building resiliency and self-sufficiency among vulnerable populations.

Issue	Summary/Action Item	State/Federal
<b>Basic Needs</b>		
Access to Benefits	<p>Support funding, policies and systems that make it easier for individuals and families to access, apply for, utilize, retain, and recertify for benefits, including CalWORKs/TANF, CalFresh/SNAP, Medi-Cal/Medicaid, SSI/SSP, IHSS, Child Support, Children's Health Insurance Program (CHIP), Cal AIM and other supportive services, including housing and quality childcare. Support initiatives to streamline application certification across programs. Support initiatives to address inequities in access to prerequisite affordable internet access and technology. Expand benefits for undocumented individuals regardless of immigration status.</p> <p>Support programs and initiatives that offer financial support and economic resilience to individuals, regardless of immigration status for local preparedness programs.</p> <p>Support funding for placed-based strategies such as school-linked, faith-based organizations, etc. to increase access to benefits and coordination across systems of care.</p>	State/Federal
Food/Nutrition Security	Support policies, programs and approaches that ensure and improve, equitable access to, affordable and sufficient culturally appropriate, fresh, nutrient-rich foods for all communities, address food "deserts" in community plans and development, and provide food	State/Federal

	<p>assistance for all, regardless of immigration status.</p> <p>Support policies, programs, and investments that promote nutrition and food security, integrate nutrition and health, improve chronic conditions and increase racial and health equity through the expansion of medically supportive food and nutrition services (e.g., clinically integrated “food as medicine” programs and food pharmacies, healthy food boxes/groceries, food prescriptions, medically tailored meals/groceries, nutrition education, urban farming, and/or behavioral health coaching).</p> <p>Support the adoption of medically supportive food and nutrition services as a Medi-Cal benefit.</p> <p>Support policies that provide universal free school meals and provide school meals during summer breaks to all children regardless of immigration status. Support policies and programs that provide meals to children, older adults, and individuals with disabilities during a disaster emergency. Provide reimbursement rates that reflect current costs per meal.</p> <p>Support policies and programs that improve and provide nutrition metrics, data collection, and research to inform nutrition and food security and climate policy, particularly on issues of equity, access, and disparities.</p>	
Asset Building	Expand programs and support policies that promote economic stability and wealth building, such as the Earned Income Tax Credit and other tax credit, basic income and stimulus for low-income individuals and families, regardless of	State/Federal

	<p>immigration status; eliminating the asset limits for public benefits; expanding access to savings programs, credit, and capital; alleviating debt; and protecting savings and assets.</p> <p>Increase reputable financial institutions in underserved communities and restrict predatory financial products such as payday lending.</p> <p>Invest in entrepreneur training and expand opportunities to launch new businesses, with special emphasis on opportunities for women, individuals regardless of immigration status, people of color, LGBTQ+ people, and people with disabilities.</p>	
Wages and Income	Support policies that allow individuals and families to earn an income that allows for financial stability, which includes livable wages, efforts to close gender and racial wage disparities, and combatting wage stagnation and compression.	State/Federal
Land Use	Create objective targets to allow all County residents to get basic needs met within their own communities, near transit, services, and jobs.	State
Reduce Energy Cost Burden	Increase funding and technical support for weatherization and efficiency improvements for low-income communities and other climate-vulnerable communities.	State/Federal
<b>Vulnerable Populations</b>		
In-Home Supportive Services (IHSS)	<p>Support policies and adequate funding for IHSS to ensure recipients can find care that allows them to remain safely in their own homes.</p> <p>Oppose cost shifts to counties.</p> <p>Support policies that promote efficiency in the annual needs assessment process required for the renewal of vital public benefits.</p>	State/Federal

<p>Child and Family Stability</p>	<p>Support legislation and funding that reduces barriers and enhances services and programs for children and youth who are at-risk or are experiencing or have experienced neglect, abuse, or exploitation — including supports for their parents, families, and caregivers.</p> <p>Advocate for innovative funding streams to adequately support the well-being of children who were in the foster care system or are at-risk of being in the foster care systems including transition-age youth and Commercially Sexually Exploited Children (CSEC).</p> <p>Support funding to successfully implement the Continuum of Care and Families First Reform and Family Resource Approval to fund and support stable placements for children removed from their homes.</p> <p>Expand funding and policies that support permanence for children who have left foster care through reunification, adoption, or guardianship, to help ensure their long-term stability.</p> <p>Expand policies and funding to ensure that all youth in foster care are placed with relatives whenever possible.</p> <p>Advance policies that remove barriers to youth achieving permanence and exiting from foster care.</p> <p>Support policies that promote independence for the transition of foster youth.</p> <p>Support programs and services that promote family reunification and decrease child poverty through the stabilization of household income for both custodial and non-custodial parents.</p>	<p>State/Federal</p>
-----------------------------------	--	----------------------

	Support policies that protect family reunification.	
Older Adults	<p>Support policies and funding for enhanced coordination of services for older adults, including those with disabilities, to promote independent living, protect against financial and physical abuse, and safeguard against neglect and exploitation, isolation, and discrimination.</p> <p>Support funding and programs that allow older adults and individuals with disabilities to live at home.</p> <p>Provide adequate funding for Adult Protective Services (APS) program formula grants, Long-Term Care Ombudsman Program (LTCOP) programs, and Home Safe.</p>	State/Federal
Individuals with Disabilities	<p>Support policies, funding, and programs that preserve, support, coordinate and expand services, opportunities and independence for individuals with disabilities.</p> <p>Protect against financial and physical abuse, including abuse or extreme conservatorship, and provide appropriate training to law enforcement.</p> <p>Preserve and support the Americans with Disabilities Act and protect civil rights and discrimination.</p>	State/Federal
Boys and Men of Color and Fathers	<p>Support policies and funding that focus on addressing critical challenges, risk factors and inequities affecting boys and men of color.</p> <p>Support funding and legislation for violence prevention approaches that are trauma informed and address Adverse Childhood Experiences.</p>	State/Federal

	<p>Invest in opportunities to improve resiliency, self-sufficiency, and other long-term outcomes.</p> <p>Support and promote initiatives that create father-friendly practices that encourage increased male involvement in the intellectual, emotional, social, and financial well-being of children and families.</p>	
<b>Service Delivery</b>		
Safety Net Programs and Supportive Services	<p>Restore, protect, and fund critical safety net benefits and supportive services that increase flexibility, remove barriers to participation, expand programs that work, and simplify/streamline processes and systems to ensure access to public benefits, including for individuals regardless of immigration status, refugees, and asylees.</p> <p>Encourage cooperative, multi-jurisdictional, public and private interagency collaboration for funding, planning, and provision of locally identified, linguistically and culturally appropriate services.</p>	State/Federal
Foster Youth	<p>Expand and build support services and improve systems change under Title IV-E.</p> <p>Loosen barriers to reimbursement eligibility under Medi-Cal Administrative Activity Claiming.</p> <p>Promote policies and legislation that eliminate the resource limits on income supports and benefits given directly to youth such as matched savings accounts, Supplemental Security Income (SSI), and CalFresh.</p>	State/Federal
Veterans Services	<p>Support programs and funding that assist veterans in accessing benefits, housing, and stable employment.</p> <p>Increase funding for the County Veterans Services Offices (CSVOS).</p>	State/Federal

<p>Emergency Preparedness and Response</p>	<p>Support providing program flexibility and access to public assistance benefits and services, including emergency cash, food, housing, and quality childcare, and trauma-related behavioral health services to vulnerable populations during an emergency.</p> <p>Support providing emergency childcare assistance to all essential worker families.</p> <p>Support equal access to and funding for distance learning for all children and youth.</p> <p>Support developing a public infrastructure that supports individuals with access and functional needs in emergency planning.</p>	<p>State/Federal</p>
--	---	----------------------

# 10x Goal: Crime Free County

**Crime Free County:** Implement robust criminal justice strategies that lead to a crime free county through responsive and innovative community engagement while providing effective support for victims and reentry populations.<sup>1</sup>

Issue	Summary/Action Item	State/Federal
<b>Community Safety</b>		
Race & Equity	<p>Support policies and increased funding that seek to reduce racial and ethnic disparity, inequity, and violence in the County regardless of immigration status.</p> <p>Support policies that increase the diversity of juries, with the goal of achieving a representative cross-section of Alameda County.</p>	State/Federal
Expansive Behavioral Health	<p>Increase funding for, and access to, mental health and substance use disorder treatment services, in and out of incarceration, including promoting ways to divert those with mental health issues out of the criminal justice system.</p> <p>Support actions to reduce the effects of toxic stress, trauma, and adverse childhood experiences.</p>	State/Federal
Cannabis	<p>Improve licensing requirements to allow a larger role for local jurisdictions.</p> <p>Reduce public safety threats such as those associated with cannabis usage and the cash nature of the industry.</p> <p>Support funding to research the impacts of cannabis legalization and usage.</p>	State/Federal
Market Place Equity	Support the inspection of commercial weight and measuring devices and point of sale devices for accuracy and respond to price gouging complaints.	State

<b>Victims Support</b>		
Victims of Crime	<p>Increase funding to expand services to all victims of crime, especially violent crime, to strengthen the process for seeking and securing restitution, and to aggressively collect restitution.</p> <p>Prioritize victim safety and create avenues to streamline access to reporting and legal process information.</p>	State/Federal
Access to Courts	Support policies that increase accessibility for court-related services to vulnerable populations including at-risk youth, foster youth, individuals regardless of immigration status, individuals with disabilities, those with behavioral health needs, survivors of gender-based and other forms of violence and/or abuse, and older adults.	State/Federal
Human Exploitation and Trafficking (H.E.A.T.)	Enhance services to victims of trafficking and sexual exploitation, especially minors, and increase community and law enforcement education and training.	State/Federal
Reduce Gun Violence	Evaluate and propose changes in the law that reduce the unsafe availability of firearms, the unlawful use of firearms, and gun violence.	State
Consumer, Environmental, and Worker Protections	<p>Increase efforts to provide consumer, environmental, and worker protections particularly around labor trafficking.</p> <p>Maintain countywide focus on illegal dumping and legal environmental protections.</p>	State/Federal
Prevent Domestic Violence and Gender-Based Violence	Support legislation and increased funding for prevention and intervention services related to domestic violence, intimate partner violence, violence against transgender persons, and violence against gender nonconforming persons. Support legislation and increased funding to expand services and programs for victims and survivors of domestic violence, intimate partner violence, and gender-	State/Federal

	<p>based violence. Prioritize partnerships with community-based organizations to inform this work.</p> <p>Support actions to include cross-agency collaboration to prevent, support, and prosecute violent crimes.</p>	
<b>Reentry Support</b>		
Successful Reentry	<p>Remove barriers to reintegration including barriers to education, employment, housing, and health and social services.</p> <p>Increase rehabilitation services both for persons in-custody and those who have been released.</p> <p>Allow more options to reduce court supervision periods.</p> <p>Support programs designed to restore rights, including reduction, dismissal, expungement, and/or sealing of criminal records for those who have completed their criminal sentences.</p>	State/Federal
Community-Based Support for Justice Involved	Fund expansions and detailed evaluations of community programs and partnerships such as health, social services, and violence prevention that aid justice involved individuals through their rehabilitation efforts and reentry process.	State
Probation Success Rates	Support funding and policies that continue to improve probation success rates and increase public safety; reduce victimization and admission to prisons; incorporate the use of automation to enable monitoring; and focus resources on evidence-based case management through the use of risk and needs assessment tools, service referral and quality controls, and automated case management.	State/Federal

	Increase funding to support higher risk clients for redirected adults and youth.	
Early Releases	<p>Support collaborative efforts during COVID-19 and safe transportation along with coordination with State and local entities.</p> <p>Support housing and other reentry services.</p>	State
<b>Criminal Justice Strategies</b>		
Technology Informed Tools	<p>Support increased funding to support increased costs associated with technological advancements in the judicial process such as body worn cameras.</p> <p>Support efforts to create a streamlined policy and funding model to eliminate current DNA testing backlog and prevent future backlogs.</p> <p>Require ALL sexual assault kits be submitted for testing in a timely expedited manner.</p> <p>Support increased funding for the Adult, Juvenile, and Pre-trial case management system to produce data related to outcomes and statutory reporting requirements.</p>	State/Federal
Reduce Serious/Violent Crimes	<p>Support more coordinated, regional, multi-disciplinary, and multi-agency efforts to reduce violence and crime.</p> <p>Support actions that seek to prevent the underlying causes of all forms of violence.</p>	State/Federal
Public Safety Realignment	Reduce recidivism by realigning lower-level offenders to enhance and strengthen community corrections and rehabilitation State/Federal programs aiding both incarcerated and reentry individuals on their road to healthy and successful reintegration.	State/Federal

	Incentivize evidence-based supervision strategies. Maintain realignment funding, to provide critically needed reentry and rehabilitative services and provide incentive funding to counties who innovate to reduce reliance on State and local incarceration.	
Diversion Programs	Support proven diversion strategies such as Collaborative Courts and other programs designed to prevent adults and juveniles, from coming into the criminal justice system.  Promote restorative justice programs and policies.	State/Federal
Alternative Programs to Incarceration	Advocate for continued funding for alternative programs to incarceration.  Increase funding for rehabilitation services that are alternatives to incarceration and focus on recovery to reduce recidivism.  Promote restorative justice programs and policies.	State
Pretrial Services	Support policy for permanent funding to continue use of a validated risk-based pretrial assessment tool, focusing on positive and strength-based services to determine a client's eligibility for release pre-arraignment, while also addressing the safety needs of the community.	State
<b>Juvenile Justice</b>		
Division of Juvenile Justice Realignment	As a result of SB 823, support full funding for the transition of justice involved youth from the Division of Juvenile Justice to local communities, to include a youth continuum of services that are trauma responsive and culturally informed.	State
Youth Empowerment and Juvenile Delinquency Prevention	Increased funding for stronger intervention and prevention programs for all youth including those who are victims of trafficking or sexual exploitation.	State

Youth Violence Prevention and Education Programs	Funding for collaborative violence prevention, education programs, and/or counseling programs for youth who are at-risk of or have been involved in crime.	State
<b>Emergency Management</b>		
Emergency Preparedness and Response	Support funding for emergency preparedness and management prioritizing inclusion of vulnerable individuals including persons with underlying health conditions, seniors and those with disabilities. Support state agency capacity for tracking and providing guidance on emergency conditions increasing in frequency such as fires, smoke, heat, and power shut-off.	State/Federal

## 10x Goal: Health for All

**Healthcare for All:** Pursue policies and programs that ensure healthcare for all with a focus on providing preventive and supportive services to vulnerable populations.

Issue	Summary/Action Item	State/Federal
<b>Behavioral Health</b>		
CARE Court	Support full funding for CARE Court, the Governor's initiative to house and provide supportive services to individuals suffering from untreated mental health and substance use disorders.	State
Substance Use Prevention	<p>Support funding for local substance use outreach, education, and prevention programs for cannabis, alcohol, and other substances. Support funding and policies that promote the full spectrum of harm reduction approaches, increase access to opioid overdose reversal treatments, and expand medication-assisted treatment strategies.</p> <p>Support funding and policies to prevent impaired driving.</p> <p>Support funding to study the health impacts of cannabis use.</p>	State/Federal
Behavioral Health Services	<p>Support proposals to improve access to, and funding for, mental health and substance use services for all populations.</p> <p>Support the development of a statewide behavioral health</p>	State/Federal

	<p>delivery system that adequately funds comprehensive services, supports certified peer and family support models, and tailors services for unique populations, including older adults, LGBTQ+, individuals with disabilities, immigrant populations, justice involved individuals, and reentry populations.</p> <p>Support policies and funding necessary to fully implement mobile crisis services.</p> <p>Support flexible funding to holistically serve people with behavioral health needs who are experiencing homelessness.</p> <p>Support increased funding and flexibility for Counties to provide prevention and treatment services for serious mental illness and substance use disorder.</p> <p>Ensure newly mandated County responsibilities are adequately funded and oppose the diversion of existing funds.</p> <p>Support proposals that promote the integration of health, housing, mental health, and substance abuse treatment.</p> <p>Support mental health parity.</p>	
--	---	--

	Support policies that ease restrictions on providing clinically indicated inpatient mental health services, including changes to the federal IMD exclusion provisions.	
Behavioral Health Workforce	Increase funding to build a competent behavioral health workforce, including peer specialists, that is reflective of the County's cultural and linguistic diversity to meet the demands of existing and emerging behavioral health needs.	State/Federal
Proposition 1/Behavioral Health Care Services Act	<p>Support adequate funding required for all new and ongoing county behavioral health costs related to the implementation of Proposition 1.</p> <p>Ensure flexibility in the development of eligible uses of the "Housing Interventions" funds.</p> <p>Support adequate funding to counties to fund prevention and treatment efforts tailored to local needs.</p>	State
<b>Public Health</b>		
Tobacco Prevention	Support policies and funding that mitigate the health impacts of tobacco including health equity, language access, and cultural competency standards in all tobacco control agencies, programs, processes, and educational outreach.	State/Federal
Public Health Infrastructure	Support policies and long-term, sustainable funding for a robust public health	State/Federal

	<p>infrastructure that supports counties in performing essential public health functions through investments in workforce, information systems, and quality improvement.</p> <p>Support robust federal and state public health infrastructures that provide coordination and technical assistance to local health departments.</p>	
Public Health	<p>Increase non-categorical funding to local agencies to plan for, assess, and respond to emerging and urgent public health needs and respond to public health emergencies.</p> <p>Support broad-based public health including reducing, preventing, and controlling the spread of communicable diseases, encouraging immunization expanding vaccine access, preventing health care associated infections and antibiotic resistance, ensuring adequate resources for public health laboratories and services, and adequate funding for pandemic response and local pre-paredness programs. Support policies and funding to reduce health disparities, reduce disease-based stigma, and promote culturally competent outreach, education, data collection, and treatment.</p>	State/Federal

	Oppose any efforts to erode local public health authority and ensure counties and local health jurisdictions maintain authority and flexibility to make health policy and fiscal decisions.	
Public Health Education/Communication	Support policies and funding to support public health messaging and combat public health misinformation.	State/Federal
Violence Prevention	Support policies and funding that implement trauma-informed violence interventions.  Support investments in public health strategies within communities most impacted by violence.	State/Federal
Infectious and Communicable Disease	Support policies and funding that allow for increased and flexible funding for infectious disease prevention and control, and vaccine research.	State/Federal
<b>Healthy Community</b>		
Health Equity	Support funding and initiatives to address the social, environmental, generational, and economic conditions that impact health outcomes, racial/ethnic and disability health disparities, and other inequities that are due to the social determinants of health and structural racism.  Support policies and funding that enable the consistent collection and analysis of demographic data across local, state, and federal jurisdictions that help local governments better under-	State/Federal

	<p>stand and meet the needs of their diverse communities, including:</p> <ul style="list-style-type: none"> <li>• Disaggregated race and ethnicity data</li> <li>• Disability demographic data</li> <li>• Sexual orientation and gender identity (SOGI) data</li> </ul> <p>Support health navigators to improve access to health services and support.</p>	
Gender Affirming Health	Ensure access to affordable, appropriate health care for transgender and gender nonconforming persons.	State/Federal
Support for Survivors	Support funding for accessible supportive services, including physical, mental, and health care for survivors of all forms of abuse and violence.	
Older Adults	<p>Coordinate an integrated system of care to preserve, support, and expand programs and policies that promote healthy aging and aging-in-place.</p> <p>Support policies and programs that support the Master Plan on Aging and CalAIM.</p> <p>Provide adequate support for medically frail individuals, including access to medical respite, wraparound services, and hospice services.</p>	State/Federal
Supporting Climate-Vulnerable Communities	Support policies and funding for local governments, communities, and businesses to prepare and adapt to climate change impacts such	State/Federal

	<p>as wildfire, heat, and sea level rise, flood displacement, and infectious disease, while building resilient communities and targeting the most climate-vulnerable communities.</p> <p>Ensure special focus and equitable solutions for most vulnerable communities and their meaningful participation in the decision-making process.</p> <p>Support development and use of integrated mapping and condition-sensing tools to identify the most climate-vulnerable communities.</p>	
Emergency Medical Services	Support adequate funding for Local Emergency Medical Services Agencies (LEMSA) and legislation or regulatory measures that preserve County and LEMSAs governing authority and medical control of the EMS systems, and safeguard against system fragmentation and patient safety issues. Promote policies that support innovation and flexibility for LEMSAs to serve their populations.	State
Healthy Education	Promote healthy school and early care and education environments by addressing physical, mental, and environmental health wellness.	State/Federal
Community Health Centers	Support legislation and funding that preserves and increases funding for both	State/Federal

	public and non-profit community health centers.	
Patient Confidentiality & Privacy Protection	Support policies that enhance privacy of health information and prohibits the use or disclosure of protected health information when sought to investigate or impose liability on individuals and health care providers, and for enforcement actions.	State/Federal
<b>Environmental Health</b>		
Climate Change Mitigation	<p>Support equitable policies to regulate greenhouse gases as pollutants in ways that also maximize health and environmental co-benefits, to develop robust carbon markets, and to provide funding to local governments to combat climate change, reduce toxins on impacted communities and support green workforce development.</p> <p>Support Paris Climate Agreement's strategies and goals.</p> <p>Aggressively develop renewable energy targets to keep fossil fuels "in the ground" including the development of utility-scaled solar projects and other alternative energy sources.</p>	State/Federal
Natural Resource and Public Health Protection	Support policies and regulatory structures and local funding that protect public lands and natural ecosystems from exploitation to ensure the public's health and access to clean air, water, and land for all communities.	State/Federal

Environmental Justice	Support policies and regulatory actions that reduce environmental health disparities impacting communities of color and vulnerable populations, provide safeguards against climate change, environmental hazards and related health threats, and address structural and systemic barriers to environmental justice.	State/Federal
Safe and Healthy Housing	Develop new energy and water-efficient, all electric housing with electrified end uses (e.g., heating, cooking), resilient to climate-related impacts (e.g., heat, wildfire, flooding) and located at safe distances from environmental impacts that harm the public and workers' health and quality of life.	State/Federal
Emerging Public and Environmental Health	Support policies and funding to enforce State laws and regulatory authority in the areas of food safety, toxic substances, vector control, waste management, green chemistry, lead, air and water quality, environmental contaminants, and other emerging threats to the public's health.  Support funding for collection and data analysis for non-housing sources of lead.	State/Federal
Productive Environment	Promote and protect local agricultural production to ensure a viable agricultural economy, protect working landscapes that provide well-	State/Federal

	being and natural resources to the community.	
<b>Health Care Safety Net</b>		
Health Care Safety Net	<p>Support policies and funding to promote a robust health care safety net that offers high-quality medical, dental, behavioral, preventive, aging, and disability health care services for people of all ages and regardless of immigration status. Support efforts to increase safety net provider reimbursement rates. Promote development of a highly skilled, local health workforce. Ensure resources are adequate, adaptive, locally relevant, and linguistically and culturally appropriate.</p> <p>Support policies and funding to promote a robust health-care safety net that offers high-quality medical, dental, behavioral, preventive, aging, and disability health care services and maintains the Children's Health Insurance Program (CHIP).</p> <p>Support efforts to increase safety net provider reimbursement rates.</p> <p>Promote workforce development to address the needs of an aging population.</p> <p>Ensure resources are adequate, adaptive, locally relevant, and linguistically and culturally appropriate.</p>	State/Federal

	<p>Oppose elimination of existing federal Medicaid beneficiary protections and requirements.</p> <p>Support policies and funding for continued federal investment in Medicaid, Medi-Cal expansion, and Medicaid Demonstration Waivers</p>	
Access to Healthcare	<p>Oppose the repeal or destabilization of the Affordable Care Act and other actions that adversely impact health care access, quality, or affordability.</p> <p>Support policies and funding to increase equitable access to healthcare for all Alameda County residents, regardless of socioeconomic or immigration status, and gender identity.</p> <p>Oppose policies that eliminate nondiscrimination and civil rights protections in health care.</p>	Federal
<b>Preventive Health Care</b>		
Pregnancy, Maternal and Early Child Health	<p>Support increased funding for pregnancy, maternal and early child health including through Title V Maternal and Child Health Services Block Grant and local access to Title XIX funding. Support expansion of comprehensive perinatal services for all Medi-Cal eligible women and birthing persons two years post-partum.</p> <p>Support funding to address racial/ethnic disparities, parti-</p>	State/Federal

	<p>cularly African American infant and pregnancy maternal mortality rates. Expand access to doula and midwifery care. -Promote the initiation of prolonged breast feeding.</p> <p>Support increased funding for pregnancy, maternal and early child health through the Title V Maternal and Child Health Services Block Grant and local access to Title XIX funding.</p> <p>Support full implementation of comprehensive perinatal services for all Medi-Cal eligible women and pregnant persons.</p> <p>Support funding to address racial/ethnic disparities, particularly African American infant and pregnancy maternal mortality rates.</p> <p>Promote the initiation of prolonged breast feeding.</p>	
Reproductive Health	<p>Promote comprehensive sex education inclusive of all sexual orientations.</p> <p>Ensure access to comprehensive and low-cost reproductive health services, including family planning and abortion services and preventative health.</p> <p>Support full funding of the Title X Family Planning Program, and provision of accurate information for all</p>	State/Federal

	gender identities and sexual orientations.	
Screening and Prevention	<p>Support policies and funding for chronic and infectious disease prevention, comprehensive screening and detection, out-reach and education, treatment, and ongoing disease management programs, and integration and coordination of providers and community partners</p> <p>Support screening for mental health.</p>	State/Federal
<b>Integrated Healthcare</b>		
Quality Care Infrastructure	Incentivize and support innovative opportunities to improve and enhance an integrated health care delivery infrastructure that promotes collective, coordinated services for individuals, children, and families. Ensure adequate funding to Counties to implement CalAIM and leverage/bolster infrastructure developed through Whole Person Care.	State/Federal
California Children's Services (CCS)	<p>Support continued funding for CCS as a system of care in counties not transitioning to the Whole Child Model.</p> <p>Support policies and funding that maintain CCS standards and quality case management alongside CalAIM implementation and ensure that any changes to CCS proceed in the best interest of the child served and minimize gaps in service. Support technical assistance for sustained</p>	State

	coordination across County CCS programs and Medi-Cal managed care plans.	
--	--	--

# 10x Goal: Accessible Infrastructure

**Accessible Infrastructure:** Implement smart, accessible, and adaptive public infrastructure that enables the deployment of future technologies while optimizing the returns on investments of existing infrastructure.

Issue	Summary/Action Item	State/Federal
<b>Accessibility and Mobility</b>		
Public Transit	Support funding to increase the accessibility, safety, reliability, and affordability of public transit options, including the reauthorization of federal funds and the flexibility of Transport Mobility Management.	State/Federal
Regional Transportation	Secure increased funding for clean sustainable and health-protective transit and bicycle/pedestrian infrastructure to maintain air quality improvements.	State/Federal
Universal Access to Broadband	Increase funding and support policies that secure universal internet access throughout the County and continuity of service during emergencies.	State/Federal
Equitable Public Engagement	Reduce barriers to more meaningful participation by small community-based organizations in local government projects and processes, such as those relating to environmental justice, through their consultation, involvement, and collaboration from the start, which can help shape these projects and processes and better reach equity goals.	State
<b>Safety and Security</b>		
Regional Communication	Enforce and fund regional communications plans, equipment, training, and services.	State/Federal
Wireless in Emergencies	Support policies that direct wireless service providers to provide reliable wireless communications during emergencies and disasters.	State/Federal
Neighborhood Resilience Hubs	Secure funding to enhance existing community-serving and community-managed facilities (e.g., community centers, recreation centers, youth	State/Federal

	centers, senior centers, faith-based institutions) to better support all residents during emergency events (regardless of immigration status) without need for immediate government intervention, including through coordinating multilingual communications and distributing resources (e.g., drinking water, food, economic, and emergency assistance) and by increasing adaptive capacity prior to emergencies. One important enhancement is resilient clean energy for uninterrupted power supply to support cooling and air filtration systems.	
Public Safety Power Shutoffs and Energy Resilience	Secure funding to reimburse local governments for increased costs incurred as a result of public safety power shutoffs, including provision of emergency backup power and disruption of services and operations. Secure funding for resilient clean energy for uninterrupted power for government facilities that provide essential services.	State/Federal
<b>Maintenance and Preservation</b>		
Infrastructure Maintenance	Secure funding to support the County's infrastructure needs, expand capital investments vital to commercial corridor viability and economic development including roadway rehabilitation and maintenance, and maintain the physical assets that house public programs.  Support policies, legislation, and funding that increase safety and pavement rehabilitation; including the re-authorization and stabilization of federal Highway Trust Fund and a dedicated funding source for all rural road safety projects.	State/Federal
Water Conservation and Security	Support policies and funding to promote water conservation, provide safe and clean drinking water for all communities, and ensure water supply continuity in the future of climate disruption.	State/Federal

Climate Risk Transparency	Support policies to require disclosure of climate-related financial risks by corporations and financial analyses of risks by the federal and state government.	State/Federal
Defining Target Communities for Cap-and-Trade Investments	Support efforts to revise the state's definition of "disadvantaged communities" (for use in disbursing cap-and-trade funding) to be more inclusive of the communities that the County and region consider to be vulnerable and disproportionately impacted communities, for instance, by increasing its emphasis on high-poverty communities and all-cause mortality as key risk factors.	State
Integrated Climate Action Strategies	<p>Support funding, policies, and technical assistance to develop a comprehensive approach and implementation strategies for the County and region to adapt to sea level rise, extreme heat, wildfire, flooding, and other impacts of climate change.</p> <p>Secure increased funding to update local plans to include climate adaptation and carbon emissions reductions considerations.</p>	State/Federal
Adapting to Climate Change Impacts	<p>Support establishment of a resilience bond or fund to support long-term investments in natural and built infrastructure that decrease climate risks, particularly in the most climate-vulnerable communities. Support requiring infrastructure funders to prioritize specific resilience, equity, and climate criteria.</p> <p>Update standards and increase funding to upgrade residential, commercial, and public buildings to minimize risks of wildfire smoke, power outages, and COVID-19 and other respiratory health</p>	State/Federal

	hazards (including mold and asbestos), while using energy and water efficiently.	
Organic Waste Recycling	Support increased funding for local government implementation of SB 1383, including waste programs, compost, and mulch procurement requirements.	State

Smart Infrastructure		
Data and Data Sharing	<p>Support secure and meaningful data exchanges between systems and services.</p> <p>Support data security and privacy efforts and utilize data to better provide services to County residents.</p> <p>Oppose policies that mandate local/State agencies provide an individual's information for immigration enforcement.</p>	State
Sustainable Environment	<p>Develop sustainable built environments that prevent, reduce, and mitigate negative environmental impacts and provide ample open green space and safe thoroughfares, housing, early care and other education facilities, and community businesses.</p> <p>Support legislation and regulations that promote complete streets and other transportation modes through the development of bicycle, pedestrian, and transit facilities.</p>	State/Federal
Upgrading Commercial Corridors	Secure resources to upgrade streetscapes, transit access, consolidated parking, and activated open space.	State
Regional Planning	Consider new policies to create a more equitable jobs and housing balance.	State
Adaptive Infrastructure		
Accessibility	Community and program planning should include, protect, and support policies that promote design to ensure accessibility of spaces for people of all abilities, ages, and modes of mobility.	State/Federal

Climate Change Adaptation	Support funding that advances use of nature-based solutions and green infrastructure to adapt for climate change and builds local community resilience and green workforce development.	State/Federal
Clean Energy	Support legislation and funding for: research and deployment of grid modernization, distributed clean energy systems, and other clean energy, energy efficiency, and storage technologies; local control over deployment of new energy generation and distribution models; adoption of building codes and incentives to retrofit existing building stocks in alignment with state goals for new and existing commercial building to become carbon neutral in their energy use; prioritization of fuel switching from natural gas and liquid fuels to electricity; clean energy workforce development; and equitable and affordable clean energy access for all community members.	State/Federal
Clean Transportation	<p>Support legislation and funding for: research and deployment of clean transportation fuels, technology, and infrastructure, including electric vehicles for government fleets; local control over deployment; clean transportation workforce development; and equitable and affordable access to all community members.</p> <p>Support funding to modernize and electrify medium and heavy-duty equipment and fleet vehicles.</p>	State/Federal
